

"Dedicated to preparing ALL students to become lifelong learners, caring individuals, and responsible citizens."

October Highlight on Youth

Menomonie High School

- MHS Homecoming had many enjoyable events with great participation.
- MHS students toured Conagra in Menomonie to learn about its history, current operations, and potential career opportunities.
- Students conducted an experiment connected to the make-up of atoms.
- The MHS volleyball program recently had a “Pink Out” night to support the awareness of and fundraising for Breast Cancer.
- Students attended the “Build My Future” exploratory day where they learned about many career opportunities in the trades.

Menomonie Middle School

- MMS Multicultural Club participated in the homecoming parade.
- 8th grade students collect data and study the Jarrett Creek watershed.

Knapp Elementary School

- Staff and students traveled to the Environmental Site for a fall field trip! Adventures included hiking, learning about animal habitats, leaf rubbings, and enjoying s'mores!
- Families proudly represented Knapp Elementary at the Homecoming parade!

Oaklawn Elementary School

- Lucky the Lion greeted students after the All School “Lion’s Den” meeting.
- Lion Leaders participated in the MHS Homecoming Parade with *Lucky the Lion King* movie themed float.
- Mrs. Prince’s students shared their cooking project- yummy veggie pizza.
- Students enjoying the *Eat Local Food* lunch on September 22 featuring local veggies in the soup and local cheese in the toasted cheese.
- First grade made applesauce and had baby quail come for a visit.

River Heights Elementary School

- Students met Green Bay Packers Alumni during the construction of our newest playground addition.
- The first all-school meeting of the year was held outside to celebrate our new playground addition.
- Menomonie Firefighters met with students to celebrate Fire Safety Week.
- Thanks to a visit from Tractor Central, 4K students had the opportunity to see a large tractor up-close.

Wakanda Elementary School

- Two second-grade friends proudly show off the sensory bottles they created!
- Fifth graders enjoyed their annual trip to the environmental education site, making memories and learning outdoors.
- In the LMC, a fourth-grade student proudly points out her salt dough map of the United States, now featured on display.
- Throughout the school halls, you'll find learners gathered together, collaborating and engaged in meaningful work.
