Joe-

It would be an absolute travesty to cut these sports seasons short for the kids who have battled through this adversity.

Staff impacts are not the student athletes fault and as we have seen the player to player contact and transmission has been held in check. It is my understanding there are several other fully virtual districts allowing student athlete participation.

Personally, we follow the football program. They have seven practices and two games remaining. There should be no decision made by the board that takes that away from them.

I trust you will hear the same thing from the majority of rationale people in our school community.

Thank you
