community comments for meeting tonight.

My name is Kristi Hendrickson, I am the Vice President for the Blue Line Club, which supports MHS Hockey. I am writing to request your support of continuing winter sports at the High School. The hockey rink has been up and running with strict guidelines in place to reduce the exposure to Covid 19. We received support from the County to open the facility for hockey and our Youth board President is in discussions with County Nurse monthly to update on the restrictions and make modifications if required. Playing High School sports is very crucial to the mental health of the students and I request your support to please consider allowing Winter sports to continue. The athletes want to play and are already following all the guidelines and restrictions that are in place at hockey rink and will continue to do so if they are allowed to play.

Thank you for your consideration.

Kristi Hendrickson
