I would urge the Menomonie School board to enact a strict mandate that all students, staff and visitors to Menomonie schools must wear masks. I would also urge that the covid vaccine be require for all eligible adults and students. We are seeing what the Delta Variant is doing in the south. Given the fact that Dunn County vaccination rates are no better that the those in the south we can expect an explosion of cases this fall. It is better to be prepared than wait until it is do late to protect our children.
